

VENKATA SUMANTH RAYASAM

Ongole | +91-8341627428 | venkatasumanthrayasam@gmail.com | linkedin.com/in/rvsumanth | github.com/rvsumanth

PROFESSIONAL SUMMARY

Dedicated AI & ML undergraduate with hands-on experience in Python, SQL, and Machine Learning, demonstrated through the development of Machine Learning projects. Strong teamwork, adaptability, and leadership skills with a passion for building practical AI solutions as an aspiring Machine Learning Engineer.

TECHNICAL SKILLS

- **Programming Languages:** Python, SQL.
- **Libraries & Databases:** Pandas, NumPy, Matplotlib, MySQL.
- **Machine Learning:** Supervised & Unsupervised Learning, Model Development & Evaluation.
- **Cloud & Core Competencies:** AWS Cloud, Object Oriented Programming, Computer Networks.
- **Tools & Version Control:** Git, GitHub, Visual Studio Code, Google colab, Microsoft Office.
- **AI & Development:** GitHub Copilot, Claude AI, ChatGPT/Gemini (Code Optimization & Debugging)

PROJECTS

Non Invasive Detection of Coronary Artery Disease, Link: github.com/rvsumanth/PPG-CAD-ML-Model

- **Technologies Used:** Python, NumPy, Pandas, SciPy, Scikit-learn, Matplotlib, Machine Learning, Claude AI.
- Developed an end-to-end machine learning pipeline for Coronary Artery Disease detection using PPG signal processing, analyzing 1,200+ physiological records.
- Fine-tuned a stacked Random Forest, XGBoost & LightGBM ensemble, achieving **91% ROC-AUC** and **88% accuracy**.
- Managed full data lifecycle from preprocessing to evaluation, backed by structured documentation for reproducibility.

Hand Written Digit Recognition System, Link: github.com/rvsumanth/Hand-Digit-Recognition-System

- **Technologies Used:** Python, TensorFlow, keras, Tkinter, MNIST Data set, Matplotlib, Pandas, NumPy
- Developed a deep learning model to recognize handwritten digits with **98% accuracy** using CNN trained on 60,000+ MNIST samples.
- Designed an interactive Tkinter GUI enabling real-time digit drawing and prediction with live confidence scores and a probability distribution bar chart across all 10 digit classes.

EDUCATION

- **Bachelor of Technology** in AI & Machine Learning, PACE Institute of Technology & Sciences, 2023 – 2026, **CGPA:** 8.74.
- **Diploma** in Mechanical Engineering, PACE Institute of Technology & Sciences, 2020 – 2023, **Percentage:** 83.68.
- **Secondary School Certificate**, PVR Municipal Corporation Boys High School, 2019 – 2020, **Percentage:** 97.66.

INTERNSHIPS

In-Line Quality Inspector Trainee | Fine Tools India Pvt.Ltd, Anantapur, Andhra Pradesh | July 2022 – January 2023

- Monitored product quality, identified defects, and supported compliance with quality standards.
- Maintained inspection, audit and production reports using Excel and SOP-based documentation.
- Collaborated with production & quality teams, strengthening communication and cross-functional coordination skills.
- **Learning outcomes:** Communication, Cross-Functional collaboration, Documentation, Quality Inspection.

CERTIFICATIONS

- **AWS Academy Graduate – Cloud Architecting** from AWS in March 2026, [Credential URL](#)
- **AWS Academy Graduate – Machine Learning Foundations** from AWS in March 2024, [Credential URL](#)

PROFESSIONAL SKILLS

- **Leadership:** Earned **Senior Under Officer (SUO)** rank in NCC — led and mentored 50+ cadets.
- **Teamwork & Problem Solving:** Built an optimized ML solution in a team based college hackathon under time pressure.
- **Communication:** Coordinated across production and quality departments, bridging communication between managers and machine operators.
- **Adaptability:** Self-transitioned from Mechanical Engineering to AI/ML, applying skills to real-world projects.
